

REPRIEVED AT THE ELEVENTH HOUR

Gov. Gooding Extends Rudolph Wetter's Lease of Life Until Oct. 3.

TO HAVE BEEN HANGED TODAY

New Evidence is Said to Have Been Discovered by Its Nature Not Disclosed.

Boise, Idaho, Aug. 9.—At the eleventh hour Gov. Gooding tonight signed a reprieve until Oct. 3, the date of the next meeting of the pardon board, for Rudolph Wetter, who was to have been hanged at daybreak tomorrow morning. E. J. Frawley, a Boise attorney, interested himself today in Wetter's behalf, being impressed with the statements made in a newspaper interview, published this morning, by Wetter, that his trial had not been conducted as he wished it to be and that he might have been acquitted had he had more money to spend. Frawley is helping Wetter entirely without fee and simply with the idea of doing justice if it develops that justice has not been done in the past.

Strong affidavits were presented to the governor late this afternoon, following an interview between Wetter and Frawley, setting forth that the plea of insanity had been injected into the case when Wetter was convicted against the defendant's desire, and also that the evidence of certain witnesses, said to be important, could now be obtained which could not be secured at the time of the trial. The nature of this evidence has not been disclosed.

Acting upon these representations, the date for the execution of Wetter was extended from tomorrow until Oct. 3, to permit these matters to be presented to the pardon board.

Wetter was sentenced to be hanged for the murder of Christ Leach and L. D. Wall, near Seesh Meadows, Idaho county, in July, 1904. This reprieve of Wetter does not affect the execution of William Henry Hicks Bond, and he will be hanged at the state penitentiary at daybreak for the murder, in Boise, of Charles Daly, in Oct. 1904.

SHEA IS ELECTED PRESIDENT OF TEAMSTERS.

Chicago, Aug. 9.—Cornelius P. Shea was elected to succeed himself as president of the International Brotherhood of Teamsters in the convention of that body here today. The delegates who bolted yesterday continued to absent themselves and took no part in the election. The vote for president stood 154 for Shea and 15 for John J. Longstreet of Cincinnati were elected trustees. The other officers went to Chicago men.

The victory won by Shea in the convention is marked only by the discussion which led to the withdrawal yesterday of nearly 50 delegates and the launching of a movement to organize a rival international union. The secession movement was kept alive today by a number of Shea's enemies, who have enlisted the disaffected delegates from New York, San Francisco and St. Louis, and declare they will elect officers of their own and try to undermine the old organization.

BRYAN RECEPTION COMMITTEE INCREASED.

New York, Aug. 9.—At a meeting of the executive committee of the William J. Bryan reception committee today the following additional members were elected:

Col. A. C. Drinkwater of Massachusetts, ex-Gov. Benton McMillin of Tennessee, State Senator Thomas F. Grady of New York, Arthur Ducey and Jacob Ruppert. Thomas F. Smith was chosen recording secretary to serve at the reception at Madison Square Garden.

George W. Sweeney, chairman of the committee on hotel arrangements, reported that from what he had learned at least 500 people will come from Nebraska to welcome Mr. Bryan on his return to America. The executive committee has asked John C. Collins to call upon hotel men for subscriptions to the reception fund.

A WOMAN'S ORDEAL DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private life, even when those questions are asked by her family physician, and many

continue to suffer rather than submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise sick women more wisely than the local physician.

Read how Mrs. Pinkham helped Mrs. T. C. Willadsen of Manning, Ia. She writes: Dear Mrs. Pinkham:

"I can truly say that you have saved my life, and I cannot express my gratitude in words. Before I wrote to you telling you how I felt, I had doctored for over two years steady, and spent lots of money in medicines, but it all failed to do me any good. I had female troubles and would daily have fainting spells, backache, bearing-down pains, and my monthly periods were very irregular and finally ceased. I wrote to you for your advice and received a letter full of instructions just what to do, and also commenced to take Lydia E. Pinkham's Vegetable Compound, and I have been restored to perfect health. Had it not been for you I would have been in my grave to-day."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.

York, came up for trial in the superior court today. A commission was issued to take depositions of witnesses in New York. Because of the absence of Judge Coffey the case was continued until next Thursday by Judge Lester, who presided.

Bertha Dolbeier left nearly all her property amounting to over \$1,000,000, to her companion, Etta M. Warren. One of her uncles undertook to break the will and failed. Another uncle, Horatio Schandorff, is now after a share of her millions.

KILLED BY MISTAKE.

Two Hunters Mistook Harry Hoyt for A Bear.

Chico, Cal., Aug. 9.—The mystery of the killing of Harry Hoyt in the woods above West Branch Sunday was cleared away this afternoon by the confession of two hunters, Benjamin Crabbe and J. D. Flinn, who admitted that the former shot Hoyt for a bear. After firing they went to the spot where the object had fallen and found a dead man. They feared to tell their story, and on the following two days went with searching parties. At the inquest last night they denied all knowledge of the shooting, but today they volunteered a confession to the superintendent of the lumber plant where all were employed.

WOMAN SUFFRAGIST MEETING.

Copenhagen, Aug. 9.—The delegates to the conference of the International League of Woman Suffragists had another busy day.

The newspapers are enthusiastic over the American delegates, especially dwelling on the oratorical powers of the Rev. Anna K. Shaw and Ida Huston Harper, and the presidential ability of Mrs. Carrie Chapman Catt.

AERONAUT COMMITS SUICIDE.

Fort Worth, Tex., Aug. 9.—It developed today that Mrs. F. A. Cresshaw, who committed suicide here Tuesday afternoon by taking strychnine, was Nellie de Vaughn, a well-known aeronaut and circus performer. At her funeral here today the woman was recognized by a newspaper reporter, and her husband being questioned, admitted her identity. Mrs. Cresshaw was the first woman to sail successfully in a modern airship. This she did on Sept. 15, 1905, in Los Angeles. On her maiden voyage she ascended to the height of 2,000 feet. On a second ascent she ascended even higher. She also traveled with several circuses and musical comedy organizations. At the time of her death she was 19 years old. There is no known cause for the suicide.

ROOSEVELT HOMESTEAD.

President Discouraged the Purchase And So Plan Failed.

New York, Aug. 9.—The Roosevelt Home Club, which was organized to acquire possession of the Roosevelt homestead, where the president was born, and to maintain it as a landmark in the city of New York, has decided it is not in a position to fulfill its mission.

The project of securing the birthplace of President Roosevelt at No. 28 East Twentieth street, was discouraged by the president, and from that time the proposition became a failure.

SEBASTOPOL MUTINEERS.

Sentences Passed on Them Probably Will be Mitigated.

St. Petersburg, Aug. 9.—The sentences passed upon the Sebastopol mutineers probably will be mitigated. It will be recalled that the papers in the case of the mutineers disappeared mysteriously after the arrival at Sebastopol of Admiral Skrydloff, commander of the Black sea fleet. Before he left Sebastopol the admiral intimated that he considered the condemnation of the mutineers preposterous and unjust, and said he thought the officers had been more to blame than the sailors. There is more than a suspicion that the "seizure by revolutionists" of the papers in those cases was staged by Admiral Skrydloff himself.

On the recommendation of the admiral, Minister of Marine Birelief, instead of confirming the sentence, has ordered a complete rehearing of the cases at the end of two months.

"AMASIS" IS A SUCCESS.

London, Aug. 9.—One of the best comedies ever produced in London since the days of Gilbert and Sullivan was given at the new theater tonight. The name of the opera is "Amasis." The libretto is by Frederick Penn and the music by P. M. H. Day. Despite the fact that the music is somewhat reminiscent of an amateurish, though tuneful, the work achieved considerable success, owing to the witty lines, a consistent plot, charming lyrics and attractive setting. The scene is laid in Egypt. The principal characters were in the hands of Ruth Vincent, Rutland Barrington, Norman Salmond and Whitworth Mitton.

TWO CHAUFFEURS KILLED.

TWO INJURED. TWO ESCAPE.

New York, Aug. 9.—Two chauffeurs were killed, two injured and two escaped unhurt while a new racing car plunged into a farm wagon on Thompson avenue near the Winfield crossing of the Long Island railroad in Queensborough tonight. The car was in a hurry to reach the city and was traveling not less than 50 miles an hour. The driver of the farm wagon was also unhurt, as he leaped before the crash.

The men killed were William Waller, 23 years of age, and Harry Woodcock, both of New York.

The men injured, who are in St. John's hospital in Long Island City, are Frederick Weensberg and William Brown, both of Manhattan. The car was a new one taken out by Brown to test. It was close to midnight and there seemed little chance of meeting vehicles. The automobile was moving at terrific speed when the wagon loomed into view. It was too late to avoid a collision, and the heavy machine crashed into the truck. Woodcock and Waller were hurled through the air and both landed on their heads and their skulls were crushed in.

REPORT ON SOUTH AFRICAN WAR STORES SCANDALS.

London, Aug. 9.—The war office has issued the report of the royal commission which was appointed to investigate the South African war stores scandals. While the report acquits the British commissary officials concerned from the worst charges of corruption, it finds that the losses, equaling about \$5,000,000, were due rather to grave mismanagement and incompetence than to fraud. The commission criticized severely several officers and public servants, and charges a number of non-commissioned officers with receiving bribes. It declares the errors were due to deplorable and complete want of coordination and the absence of interest between the different departments of the war office. The army service corps is declared to have been utterly wanting in business training and experience.
